

refinance

Posted by deebeetom - 2009/12/25 18:50

I just bought a 2 bedroom semi detached property valued at 65k for 50k and put a BTL mortgage of 37.5k on it. Works needed include new kitchen, new bathroom, central heating and general updating. It should be valued for at least 90k presently.

i planned to refinance thru a further advance from my existing lender but was declined, i need to pull out funds for another purchase. What can i do

=====
